

Student Information Vita (Ref. AB15)

Vita is from a very poor family, as well as them being earthquake victims. The house is damaged, but is in the process of being slowly repaired. Ibu Yohana takes care of the children and sends them to school by working odd jobs, so that with the help of the BEATS FOUNDATION in United Kingdom they are greatly helped. There is nothing they can give, only prayers and thanks, may the Lord Jesus, the Blessing Tree, repay them AMEN.
