

Student Information Chelsea (Ref. AB18)

Chelsea should be attending Year 11 State Senior High School (our Year 12) Ambon; however, her father is a freelance journalist in the city of Ambon and therefore has no regular income. Chelsea's mother has left the family to go to be with another man. BEATS have paid for their house to be rebuilt after the earthquake but the family is very poor, lacking enough money even for food. They have no furniture or even mattresses.

Chelsea already has part sponsorship, which has enabled her to restart school, but further sponsorship would really help her and the rest of the family with basic essential needs. Chelsea has previously participated in modelling competitions up to international level in Singapore, but this has been stopped by lack of family income.
