

## Student Information Almendo AB5

This is one of the families became victims of the earthquake in Waai Country. As a result, their house was heavily damaged, now in the process of being slowly repaired, because the only job involved is a farmer and his wife is a housewife, plus they have to take care of their mother who had a stroke so needs special costs and attention. Through a program from the BEATS FOUNDATION in the United Kingdom, they give thanks and are grateful to be able to have help ease their burden. JESUS BLESS YOU.
